Come **HELP!!!** We will be making dental kits for homeless and disabled Veterans and we will be also assisting Veterans in filling out their application for dental services. Snacks will be provided. Kids are welcome. We will have games to play while folks are waiting to have their application taken. Also, kids can help with making the dental kits.

If you cannot join us, please donate. The average cost for dentures is \$800 and the average cost per Veteran in need of essential dental care is \$1,200. We would like to provide dentures to at least six Veterans through these events. The Ayuda of Southern Arizona, Inc. Smiles for Veterans program is an Arizona Qualified Charitable Organization so any donations are an Arizona tax credit (up to \$400 for individuals and \$800 for married couples) if you have not already exceeded these limits in other qualified donations. You will be provided a donation receipt with the appropriate tax information. Donations may be made through the website at www.smilesforveterans.dental.

If you know dentists or other dental care service providers that would be willing to help, please send us their names so that we can contact them.
